

DRETTMANN YACHTS

BREMEN · GERMANY · SINCE 1970

Drettmann Yachts - A CLASS OF ITS OWN.

For Claudia and Albert Drettmann, no two yachts are the same – and each one is a labor of love. With a great deal of experience and passion, they personally fulfil individual requests from customers around the world. They know that a yacht is much more than a dream comes true for its owner – it's a philosophy of life.

Like most success stories, the adventure of Drettmann began in a garage – with a modest firm selling pre owned boats. But a worldwide success developed quite soon. With the construction of the Elegance- and Bandido yacht series and under the guidance of the family business with its 48 years of history no fewer than 1.500 new yachts has been built and about 10.000 yachts has been traded until today.

In 2017, Drettmann expanded its portfolio as the exclusive and experienced sales partner of Gulf Craft's multi award winning yachts for Europe, Russia and Ukraine – another important step towards expansion and internationalization for the Bremen-based company.

In 2019, Drettmann expanded its portfolio as sales partner of Bavaria, the most modern shipyard in the world of the series production of yachts up to 55 feet.

The Drettmann Headquarter

The Headquarter of Drettmann is not only the company location but also the heart of the enterprise. And this heart beats for anything connected with maritime issues in general and for a good design in particular. This comes immediately apparent when entering the generously designed Drettmann showrooms. An almost overwhelming selection of materials, woods, fabrics, colours and accessories competes with the beautiful view on to the Weser.

Shipbuilding

Every single yacht is an individual project that we look after from start to finish with the utmost care and attention to detail. To achieve this, our engineers and designers work hand in hand with our shipyards to full the future owners' wishes in the best possible way. That way, we make sure that every craft is unique and a personal experience.

Quality

We see it as our duty to build nothing but yachts that meet the highest quality standards. From the structure to the interior fittings, we insist on the best craftsmanship and top-grade materials. The whole construction process is accompanied by numerous quality-control stages.

After Sales

Our concept of quality goes far beyond the naming ceremony. Even the most stable yacht needs annual servicing and maintenance, and our extensive after-sales programme takes care of this.

Gulf Craft has served the aspirations of passionate boating enthusiasts for more than three decades. The award-winning manufacturer is one of the world's leading superyacht shipyards, a merit it has achieved through continuous investment in research and development.

Founded in the Emirates in 1982, Gulf Craft continues to redefine the on-water living experience with its wide variety of premium craft, ranging from 27 feet to 200 feet in length. Deploying advanced technology, powerful engineering, timeless design, and world-class craftsmanship, Gulf Craft builds each innovation to create memorable cruising experiences for its discerning clientele, transforming travel by sea into a journey worth indulging in.

Bandido Yachts

The design of your individual yacht is a matter of trust. Which length and which layout suit your requirements? Which features do you need for your travel plans and which not? The Drettmann Yachts team advises you on these questions with the expertise of 1500 yachts built and accompanies you from your first idea to the christening - and if you wish, also beyond that in the After Sales Service.

The sea has always held fascination
for people: infinite space, sun,
wind and freedom.

Technology

On the one hand, Drettmann Yachts has been installing proven components for many years, but is also keeping up with the times and observing the latest technical developments.

The current Bandido 80, for example, is equipped with state-of-the-art ePod drives, which reduce fuel consumption and improve the manoeuvrability of the yacht. If owners want a hybrid drive, want

to integrate solar cells into the superstructure or access an extremely complex entertainment system, these requirements will of course be met. A Bandido yacht is perfectly tailored to your needs.

More than 1500 newbuilds speak for themselves and ensure that you receive your dream yacht at the precisely defined time and in the precisely defined quality.

„On our yachts, you can see, feel and experience something truly special. Every time.“

BRANDS

Bavaria Yachts

100% Passion. For 100 % pure joy.

A BAVARIA yacht is the perfect interaction of many elements. Everything is built around the extensive expertise of German engineering. It is an art that looks back on a long and successful tradition in boat building.

Today it is possible to implement all this knowledge with a high degree of precision and quality. We make use of the best materials, the best equipment and exquisite craftsmanship to create something that is the essence of every BAVARIA: the joy of yachting.

At Bavaria we don't just build yachts —
we make dreams come true. With
absolute attention to detail.

An ocean of possibilities

Buying a yacht is definitely one of the highlights in life. However, finding the perfect yacht at the right price is a challenge. We advise and assist you with all questions that arise when purchasing a yacht. Take a look at our inspected pre-owned yachts, all in excellent condition.

drettmann.com

A fine selection

Life on a yacht may be absolutely exiting, spontaneous and unusual. Completely distinct, however, is the process of buying a yacht: here everything should be planned, clear and supported by competence and also convince by the product and service. These are the promises with which Drettmann have been carrying out a brokerage close to the market and the customers for many years. This offers the customer a broad spectrum of performance and a lot of added value.

A woman with blonde hair, wearing a black dress and high heels, stands next to a man with short dark hair, wearing a dark suit jacket, white shirt, and blue jeans. They are standing in the open doorway of a large, dark-colored yacht. The yacht's interior is visible, showing a large, dark, V-shaped structure. The background is a solid orange color.

Looking
forward
to you!

For us, no two yachts are the same. With a great deal of experience and passion, we personally fulfil individual requests from customers around the world. We know that a yacht is much more than a dream come true for its owner – it's a philosophy of life.
