

THE WORLD OF DRETTMANN YACHTS AT THE 2012 DÜSSELDORF BOAT SHOW

All good things come in... twos! Accordingly, Drettmann Yachts GmbH has gone right ahead and booked two stands with a total area of roughly 500 qm² to present its extraordinary and diverse product portfolio at the 2012 Düsseldorf Boat Show.

Two highlights in terms of innovation, service and quality await visitors to the **Drettmann Yachts stand** in **Hall 6, D21**. Yachting enthusiasts can examine models and illustrations to get a realistic idea of the newly developed **Drettmann Motor Yachts (DMY)** and **Drettmann Explorer Yachts (DEY)**. Amongst other things, the sophisticated and lovingly designed details of the new yachts will be shown in 3D animations, so that visitors can go on a

virtual tour of the vessels. But it will not be long now until they can view the first eagerly awaited Drettmann Explorer Yacht in the original, in all its glory and beauty.

Exactly opposite this stand, in **Hall 6, D22**, the **Drettmann Brokerage** sector will present its huge range of pre-owned yachts, which currently features around 100 vessels.

Customers in search of a pre-owned boat can be sure of comprehensive advice and will have the chance to view an **original 60-foot Elegance Yacht – refitted in the usual meticulous Drettmann quality**. This provides a first-hand example of the skilled technical craftsmanship and painstaking attention to detail that make up the Drettmann refit service.
